Toxic Substances Control Act (TSCA)

Dear Ladies and Gentlemen,

The Toxic Substance Control Act (TSCA), is the act of compliance with laws and regulations in the manufacture (including import), processing, distribution in trade, use or disposal of chemical substances. Polychlorinated Biphenyls (PCBs) are regulated by TSCA Section 6(e) and related regulations in 40 CFR Part 761.

Based on the current state of knowledge of HAHN about our internal business processes and the chemicals used, there are no TSCA requirements for HAHN products (United States Environmental Protection Agency) required.

Nevertheless, HAHN does not control or know the end uses or specific applications of our products by our customers. HAHN therefore cannot guarantee the actual exposure to chemicals in accordance with the Toxic Substance Control Act (TSCA).

For more information on the Toxic Substance Control Act (TSCA), please visit the following website:
<http://www.epa.gov/compliance/civil/tsca/tscaenfstareq.html>
<https://www.epa.gov/tsca-inventory>

With best regards

HAHN GmbH & Co. KG

i. A. Karsten Schmitt
